"Rexall Remedies"

Ever Have "The Blues"

Most persons will immediately respond, "Yes," to this question, but few of them probably could give you any satisfactory idea as to the cause or reason for this dependent, low-spirited condition.

Physiologists have discovered that this condition is brought about by the seeming inability of the Liver to separate poisonous secretions from the blood, and, as a consequence, these are taken back into the system. In the treatment of such cases, we strongly recommend Rexall Liver Salts because of the success so many people have experienced in using this preparation.

Rexall Liver Salts are manufactured in two sizes, 25c and 50c., and we have the exclusive agency. Grant Holden.

Geo. Tenniswood, of Speaker township, has rented his farm and removed to Yale. Another good man gone wrong. He should have gone to some point in his own county.—Minden City Herald. We don't stand for the above thrust. No man can go wrong by coming to Yale. It's the best place on earth.

The return engagement of the W. Francis Firth Concert Company Monday evening was greeted with a full house, every seat in the Congregational Church being occupied, and chairs were placed in the aisles to care for the overflow. There followed two and a half hours of solid enjoyment for the patrons, and it's a certainty music-loving people of St. Clair will ever cherish in their hearts a warm spot for the members of the Firth Co. If they return this way at some future time they can feel assured of a hearty welcome in St. Clair.—St. Clair County Press, Feb. 24, 1911.

The Brown City Banner plant, business subscription list and good will has been purchased by John Cawood, a product of Marlette township, and for two years past superintendent of the Brown City Schools. He will take his post as editor on November 1st next. It has been the intention of the present manager of the Banner, H. L. Gregory, to purchase the paper himself of L. H. Howse, the owner and former publisher, but ill health has forbidden, so he will remain for a time at least as foreman of the office. We extend the right hand of fellowship to the new editor and are positive that he will make good.

The other day while Charlie Brown (everybody knows Charlie; he helps get out the Expositor every week and incidentally does a little reporting) was standing in front of the postoffice, a stranger accosted him and said "Are you the Expositor?" Charlie says, "No, I'm on the sidewalk." "Well," says the man, "I was told you were Charlie Brown and was a reporter. Now, see here, I see that Judge Groscup, of Chicago, is going to resign and says we are going to have a democrat president next time. Now if that is so and Taft loses his burning desire, will that make Chase Os-burn brighter?" Charlie was just getting ready to tell the man when he side-stepped and said, "Now look here, Michigan is a good old state, but if she was going to flop over democratic and didn't really know it, would ex-governor Fred Warm-r?" By that time Charlie had the man and was waltzing down the walk with him. "Come on," says Charlie, "I'm going to have Smith give you a red-hot oyster stew if he's got one and thaw that out of you."

Early Closing.

The business men of Yale this week sent out five hundred letters to farmers and patrons adjacent to this city asking them to vote yes or no on the proposition of closing three nights a week at 6 o'clock and out of about three hundred cards received up to date only about two dozen voted no, the balance were in favor of the closing movement. It has been decided that beginning next Monday, Oct. 2, the business places of Yale will close Monday, Wednesday and Friday evenings of each week during the fall and winter. The other three evenings the stores will be open to a reasonable hour.

It is hoped that all who do their trading in this city will find this arrangement agreeable.

Fred Currier left this (Thursday) morning for Ann Arbor, where he intends to take a four years course in medicine. Mrs. W. F. Ruh was a much surprised person when on Wednesday about 4:30 in response to a ring at her door bell, she confronted a dozen or more lady members of the N. Y. B. who noisily informed her that it was the 11th anniversary of her marriage to Mr. Ruh and they had come to properly celebrate it with her, and the baskets and bundles gave evidence that they intended to stay to tea. So the celebration was on and a splendid good time was had.

If you know of the real value of Chamberlain's Liniment for lame back, soreness of the muscles, sprains and rheumatic pains, you would never wish to be without it. For sale by Mathews & Wight and Grant Holden.
